PRIMARY CLASSES I TO V

The curriculum (X Seed programme) focuses on conceptual clarity by relating learning to everyday life, developing thinking and analytical skills. It also aims at nurturing the affective

domain of the learners through subjects and activities which will help develop the basic life skills in the learner – self-awareness, effective communication skills and emotional strength. The pedagogy at this stage is not absolutely fixed, structured or prescribed but it is multi-dimensional and flexible, which gives the learner ample opportunities to explore and discover.

The learning areas include:

1. Languages (English, Hindi , Telugu) – Acquire the skills of listening, speaking, reading & writing, acquire varied range of vocabulary, develop interpersonal communication skills and express meaningfully.
2. Third Language is introduced in Class I. These languages are taught through activities with an aim to initiate the language in a fun way. However, a more structured syllabus is followed in the upper primary stage.
3. Mathematics – Performing operation of numbers, understanding shapes, similarities and differences, collecting data, representing and analysing the data, identifying patterns in shapes and numbers etc.
4. Environmental Science – To make them aware of their surroundings, appreciative of and sensitive of environmental issues (natural, physical, social and cultural)
5. Information technology
6. Visual Arts & Performing Arts
7. Physical & Health Education
8. Life skills & Value Education
9. Work education

Children also get opportunities to join various clubs as per their interest and aptitude. They participate in intra-section and inter-section competitions, class assemblies, annual days, celebrations and social awareness campaigns.

sThe scheme of Continuous and Comprehensive Evaluation (CCE), as designed and laid out by the CBSE & NCERT, is followed upto class II. Formal test & Exams are introduced in Class III.
