“India will once again be acknowledged as the Vishwa guru-a superpower that embodies the ideals of vasudhaiva kutumbakam - the global family”

# A Shining Star

As a young man, Kanhaiyalal Maneklal Munshi was imbued with a sense of India's greatness. Not yet out of his teens, he learnt from his mother's songs and stories about the sages and seers of India's past.

Like most others of his generation and class, Munshi took to the study of law and rose to the pinnacle of his profession even in the era of legal giants. It was but natural that law led to politics and politics to the service of the country's heritage. The call of Mahatma Gandhi for sacrifice led to Munshi bidding goodbye to his lucrative practice and prepared to risk his all in the fight against injustice in and to his country. Also his training and temperament inclined him to constitutionalism. The framing of the new nation's supreme statute called for the gift of idealism as well as realism. Munshi was possessed of both. He regarded India's Independence in 1947 as an opportunity for an ascent once again. He believed that the people of India had it in them to climb up into a new millennium. Munshi showed that a man with pride in the past could also have faith in the future through the instruments of science and technology.

Today when the world is so conscious of the environment and of ecological factors, it is edifying to note that as much as half a century ago, Munshi's Vanamahotsava scheme heralded the impulse for preserving ecology. Munshi's vision was as deep as it was vast

Munshi was keen to set in motion ongoing constructive measures to foster and strengthen the creative cultural and educational foundations of the Indian Nation with the active participation of the citizens from all castes, communities and regions through broad based selfless voluntary, totally apolitical organization supported by the goodwill and co-operation of the government. Therefore, Munshi conceived of Bharatiya Vidya Bhavan in 1937, a decade before the advent of Independence.

Towards this end, Munshi, with the blessings of Mahatma Gandhi and active support and co-operation of several eminent leaders founded the Bharatiya Vidya Bhavan as a national organization, nay, movement, with an international outlook. This was in 1938.

## Senior Secondary

**"Education is not the learning of facts, but the training of the mind to think" –**

**"The aim of education is the knowledge not of facts, but of values."**

At Bharatiya Vidya Bhavan's Atmakuri Rama Rao School, the Senior Secondary Program marks the culmination of school education and the gateway to higher learning. These formative years are crucial for students to refine their skills, discover their passions, and lay the groundwork for their future careers. We offer a well-rounded and progressive **CBSE** curriculum in both Science and Commerce streams, nurturing a love for learning and academic excellence while fostering a deeper understanding of the world.

The Science stream is tailored for students with a keen interest in subjects like Physics, Chemistry, Mathematics / Biology, and Computer Science, empowering them to pursue careers in Engineering, Medicine, Research, and Technology. The Commerce stream, on the other hand, provides a strong foundation in Accountancy, Business Studies, Economics, and Mathematics / Informatics Practices, opening pathways to careers in Finance, Business, Economics, and Management.

Our approach to education goes beyond textbooks. We create a dynamic and engaging learning environment where students are encouraged to think critically, ask questions, and develop a deeper understanding of concepts. With a focus on individual growth, our dedicated faculty ensures that each student receives the guidance and support needed to excel academically and personally. Regular assessments, interactive discussions, and project-based learning foster confidence and prepare students for the challenges of higher education.

At Bharatiya Vidya Bhavan's Atmakuri Rama Rao School, the Senior Secondary years are about more than academic success—they are about shaping responsible, well-rounded individuals ready to contribute to society with integrity and purpose. Join us on this journey of learning, discovery, and growth, and take the first step toward a bright and promising future.

# Streams Offered

## Compulsory Subject – English Core

### **I. SCIENCE STREAM:**

#### **a) Science With Mathematics**

*Electives* – (M.P.C) Mathematics, Physics & Chemistry

*Optional* – Physical Education/ Artificial Intelligence/ Entrepreneurship/ Marketing/ Biology

#### **b) Science Without Mathematics**

*Electives* – (Bi.P.C) Biology, Physics, Chemistry

*Optional* – Physical Education/ Artificial Intelligence/ Entrepreneurship/ Marketing

### **II.COMMERCE STREAM:**

#### **a) Commerce With Mathematics**

*Electives* – Accountancy, Business Studies & Economics

*Optional* – Mathematics

#### **b) Commerce Without Mathematics**

*Electives* – Accountancy, Business Studies & Economics

*Optional* – Physical Education/ Artificial Intelligence/ Entrepreneurship/ Marketing

## School Timings

**Monday to Saturday : 8:30 a.m. to 3:30 p.m.** (Second & Fourth Saturdays Holiday)

## School Uniform

**GIRLS :** Olive Green Pants, White Long shirt & waist Coat with school Emblem

**BOYS :** Olive Green Pant and White Shirt with School Emblem

**SWEATER :** During Winter session all the students are expected to wear only Olive-Green Sweater

**SHOES :** Black Reebok shoes with Velcro/ shoe lace

# Infra structure

**Laboratories:** We offer specialized labs for science, mathematics, Language and commerce, providing hands - on learning opportunities and nurturing curiosity.

## Biology

The biology lab is equipped with modern tools and specimens, enabling students to explore the wonders of life sciences through practical experiments and observations.

Designed to promote analytical thinking, the physics lab is equipped with advanced apparatus to help students experiment with and understand the principles of physics.

## Physics

## Chemistry

Our chemistry lab provides students with the opportunity to conduct experiments safely and efficiently, enhancing their understanding of chemical reactions

## Mathematics

The math lab offers hands-on tools and models, enabling students to visualize and solve complex mathematical problems

Our commerce lab simulates real-world business scenarios, providing students with insights into economics, accountancy, and financial management

## Commerce

## Digital Classroom

All the classrooms are equipped with modern digital teaching tools to enhance the learning experience.

The language lab focuses on enhancing communication skills, offering resources for improving pronunciation, vocabulary, and language fluency through interactive learning tools.

## Language Lab

## Computer Lab

Our computer lab is a modern facility equipped with the latest systems, software, and high-speed internet. Students gain hands-on experience in computing, coding, and digital applications, preparing them for the demands of the digital age.

## Auditorium

A haven for knowledge seekers, our library features an extensive collection of books, research materials, and digital resources to support students' academic growth.

## Library

## Sports

**Auditorium:** A spacious, state-of-the-art auditorium serves as a venue for school events, cultural programs & competitions.

## Canteen

**Canteen:** Hygienic and well-maintained, our canteen provides healthy meal options for students and staff.

**Sports:** We believe in the holistic development of our students, which includes a strong focus on physical fitness and teamwork.

## Play Ground

**Playgrounds and Courts:** With 4 expansive playgrounds and dedicated courts for basketball and volleyball, our students have ample opportunities to engage in sports and recreational activities.

## Career Counselling

At Bharatiya Vidya Bhavan's Atmakuri Rama Rao School, we are dedicated to guiding our students towards a successful future through comprehensive career counseling and expert coaching for competitive exams. We provide personalized counseling sessions to help students explore their strengths, interests, and career aspirations, ensuring they make informed decisions about their futures. In collaboration with renowned coaching institutes like Career Launcher, BIDS, and PAGE, we offer focused preparation for a variety of competitive exams, including CLAT for law aspirants, IPMAT for those aiming for management institutes, JEE for future engineers, NEET for medical hopefuls, and NIFT for students pursuing a career in design. Our students also benefit from regular workshops, webinars, and seminars with industry professionals, allowing them to gain insights into different career paths. Additionally, we organize mock tests and practice sessions to refine their exam strategies and boost their confidence. With a holistic approach that emphasizes not only academic excellence but also time management and problem-solving skills, we ensure that our students are well-equipped to succeed in competitive exams and pursue fulfilling careers.

# Co-curricular Activities

*the wonders of life sciences*

## Inspiring Intellectual Excellence

**Debate Competitions:** Students articulate their perspectives, hone critical thinking, and build confidence through thought-provoking debates on current and global issues.

**Quiz Contests:** Engaging and challenging quizzes spark curiosity, encouraging students to expand their knowledge and embrace a love for learning.

**Webinars:** Regular interactions with experts expose students to new ideas, technological innovations, and future career possibilities.

**Tours and excursions:** It is an essential part of our holistic approach to education, offering students opportunities to learn, explore, and grow outside the classroom.

Educational excursions to historical landmarks, museums, and cultural sites bridge the gap between academics and real-world experiences, enriching students' understanding of various subjects.

**Entrepreneurship Fest:** A platform for budding innovators to ideate, pitch, and experience the thrill of entrepreneurship, fostering creativity and business acumen.

**Field Trips and Excursions:** From educational visits to cultural tours, these experiences offer students an opportunity to learn outside the classroom and appreciate the world around them.

**Sports Meets:** Annual sports events and tournaments inspire students to strive for excellence, develop resilience, and embrace the spirit of healthy competition.

# BVBARRS in News

**Inter-house quiz contest conducted**

A inter-house quiz competition for Grades XI and XII was held on November 21 focusing on the theme 'World affairs with an Indian lens, covering science, economy, and global issues'. The first houses, namely Arjuna, Krishna, Krishna, and Venkatesh, participated enthusiastically in exciting rounds such as Brainstorm, Hot, Chose Wisely, The Whopping Quiz, and True Quiz.

After a closely contested battle, the results were as follows: Krishna House emerged victorious with their sparkling skills. Sri Arjuna House secured second place.

The inter-house quiz competition not only enriched students' knowledge but also provided a sense of pride in their school's achievements. The event was a rewarding experience and a testament to the spirit of healthy competition and learning.

**School holds Entrepreneurship Fest**

In the aim of encouraging entrepreneurship and entrepreneurial skills among students, Bharatara Vidyapeeth School conducted its Entrepreneurship Fest 2024 with the theme 'Skill Development for All' on October 26. The celebration began with the traditional lighting of the lamp by the Principal followed by a cultural program that featured a musical performance. The first featured two flagship events: 'Micro-Entrepreneurship on Innovation' and 'Entrepreneurship Competition and Entrepreneurship Fest'.

In the Innovation Hub competition, students from various schools displayed their creativity and innovative spirit. The school also encouraged collaboration among students.

## Bhavan's Faith

*Bhavan's Faith is Bhawan's Strength*

Let me once more set forth the Bhavan's faith for the benefit of new students and members, for it is necessary that they should understand it clearly and imbibe its spirit. The Bhavan stands for the reintegration of Indian Culture.

In a world falling to pieces under the impact of an amoral technologicalavalanche, it tries to hold fast to the fundamental values for which our culture stands-Rita, Satya, Yagna and Tapas.

**FAITH** in God, who informs the Cosmic Order;

**TRUTH** which is accord between mind, word and deed;

**DEDICATION** which offers all movements of life as an offering to God;

**SUBLIMATION** which purifies the body and mind and transmutes instincts, passions and emotions into things of beauty.

This, regardless of forms and doctrines is Dharma, the three fold aspects of which are SATYAM, SHIVAM, SUNDARAM - Truth, Love and Beauty.

For these values our forefathers lived and died. So did Shri Ramakrishna Paramahansa, Swami Dayananda, Swami Vivekananda, Gandhiji and Sir Aurobindo, among the moderns. These values are embedded in our national outlook

We command the respect of the world because of them.

We can look forward to the future with confidence only because they have the vitality which gives the power to vindicate their validity even in this fear-and-avarice ridden age of ours.

We, the Bhavan's family, whether it is the smaller one or the larger one, must make every effort in restoring an awareness of these values in personal and collective life.

***"Let Noble Thoughts Come to us from Every Side"***

***-Rigveda, 1-89-i***
