**SUMMER VACATION HOMEWORK**

(SESSION: 2026-2027)

(CLASS – IV)

**HURRAY! IT'S TIME FOR FUN AND PLAY! IT'S TIME FOR HOLIDAYS!!**

In the summer's warmth, we're free to roam,  
No classes, just adventure to call our own.  
With friends and family, we'll laugh and play,  
Learning and growing in our own special way.  
So let's cherish this break, so sweet and brief,  
For soon we'll return, ready to achieve.

Dear Students and Parents,

As we approach the summer holidays, we would like to share some important information with you to ensure a safe and enjoyable break:

1. **Safety First:** During the holidays, it's important to prioritize safety. Whether you're traveling or staying at home, remember to follow safety guidelines.
2. **Stay Active:** Use this time to stay active and healthy. Engage in physical activities like sports, yoga, or simply going for a walk. It's a great way to stay fit and energized.
3. **Read and Learn:** Summer holidays are a perfect time to catch up on reading. Encourage your child to explore new books and topics of interest. Reading not only enhances knowledge but also improves language skills.
4. **Limit Screen Time:** While it's tempting to spend hours on screens, it's important to limit screen time. Encourage your child to engage in other activities like painting, cooking, or gardening.
5. **Family Time:** Holidays are a great opportunity for families to bond. Plan activities that the whole family can enjoy together, like board games, picnics, or movie nights.
6. **Prepare for the Next Academic Year:** Use this time to prepare for the upcoming academic year. Review previous lessons, practice math problems, or explore new subjects to get a head start.
7. **Explore New Skills:** Encourage your child to try something new—like learning a musical instrument, experimenting with simple science activities, writing stories, or learning a new craft. Exploring new skills boosts creativity and confidence.
8. **Stay Hydrated:** With the summer heat, it's important to stay hydrated. Encourage your child to drink plenty of water and eat fresh fruits and vegetables.

**WE WISH YOU ALL A SAFE, HEALTHY,  
AND ENJOYABLE SUMMER BREAK!**

## SUBJECT: SCIENCE

Dear students, read instructions, complete the following activities on A4-sized papers and submit them to your class teacher on school reopening day.

### Activity 1:

#### Journey of the seed

Food covers a long journey before it reaches our plate.

The journey of the grain from the farm to our plate is long. The efforts of people like farmers, sellers, and animals make this journey possible for us. Water, soil, and sunlight also play an important role in this process.

Collect the colorful images and stick them in the proper sequence and write a line below it.

### Activity 2: Be a chef:

A chef is a professional cook. Write recipe of a healthy dish that can be made without cooking. Ingredients:

Recipe:

## SUBJECT: MATHEMATICS

1. Family Time Collect information about the birth year of your parents, grandparents, uncle, aunt and siblings. On A-4 size drawing sheet make engine and coaches of a train using cut outs of old newspapers, waste decorative material as shown below. Colour them with bright colours and write the birth year numbers on them and answer the questions given below:

- Write the expanded form of the birth year number of the eldest member:
- Write the number name of the birth year of the youngest member:

- Note down the Prices of three Home appliances. in 4-digit or 3 digits. And add them.
- In your vacation when you go outside with your parents note down the numbers of five vehicles in a tabular form and do as shown below.

Sno	Number of the vehicle	Last 4 digits	Expanded form	Number name	Form different numbers using those digits
1.	AP09AP4904	4904	4000+900+4	Four Thousand Nine Hundred Four	4094 9044 4409 4490
2					
3					
4					
5					
6					

- Multiplication Board Game (Make Your Own!) Design a simple board game based on multiplication. \* Use cardboard to make a path (like snakes and ladders). \* Each step has a multiplication question. \* Players roll dice and solve the question to move forward.
- Learn tables up to 20.

## ENGLISH

### Reading

#### Comprehension -1

Read the text and answer the questions.

### **The Helpful Tree**

There was a big mango tree near a small village. The tree was very kind and gave shade to everyone who came to it. Birds built their nests on its branches, and children loved to play under it.

One hot summer day, a tired traveller came and sat under the tree. He was very thirsty and hungry. The tree dropped a few ripe mangoes. The traveller ate them and felt happy. He rested for some time and then continued his journey.

The tree was always happy to help others. Everyone in the village loved and respected the tree.

- Where was the mango tree?

\_\_\_\_\_

2. Who lived on the tree?

3. Why did the traveller sit under the tree?

4. What did the tree give to the traveller?

5. Why did the villagers love the tree?

Reading Comprehension -2

Read the text and answer the questions.

**The Lost Puppy**

Ravi was walking home from school when he heard a soft sound. He looked around and saw a small puppy near a bush. The puppy looked scared and hungry.

Ravi picked up the puppy and gave it some water. He took it home and told his mother about it. His mother smiled and said they would take care of the puppy until they found its owner.

The next day, Ravi made a small poster and put it near the park. After two days, a man came to their house. He was very happy to see his lost puppy. He thanked Ravi and his mother.

Ravi felt proud that he had helped someone.

1. Where did Ravi find the puppy?

2. How did the puppy look?

3. What did Ravi do for the puppy?

4. Why was Ravi happy?

5. How did the owner find the puppy?

II. Creative writing :

NOTE: Write 5 to 6 sentences and give the suitable title for the pictures.
